

PHOTO BOMB

CHARDONNAY

The 2017 Photobomb Chardonnay is 100% Chardonnay. Gently pressed and fermented in stainless steel tank, the Chardonnay did not go through the malolactic fermentation, creating a crisp and fresh Chardonnay.

Limpid green-yellow hue with aromas of citrus blossoms, white nectarine, wet granite, lily of the valley floral notes, and a hint of lemongrass. The flavors are reminiscent of the colors of yellow and green, with hints of brown baking spices. The mouthfeel is refreshing with acidity and has a touch of sweetness in the middle.

We recommend pairing this Chardonnay with baked halibut or cod, gruyere, brie, or fresh mozzarella. Or simply enjoy by the glass with friends!

Technical Information

pH: 3.6

TA: 5.77 g/L
